

Message from the President

Greetings from Manila, Philippines!

In behalf of the Philippine Orthopaedic Association, Inc. (POA), I invite you all to come to Manila this November 2016 and be a part of the 67th POA Annual Congress. This will be held on 16-19 November 2016 at EDSA Shangri-La Hotel in Manila. The congress theme “Fusing Knowledge and Technology to Address Orthopaedic Challenges” recognizes the importance of combining basic and cutting-edge knowledge with new technology to develop innovative solutions that will effectively address the challenges of modern orthopaedic care.

The scientific program will deal with a wide spectrum of topics on paediatric orthopaedics, musculoskeletal infection as well as other bone and joint conditions in adults. The sessions will highlight state of the art advances on orthopaedic research and treatment strategies. The faculty will include local and international speakers who are highly respected in their fields of expertise.

The exhibits of our Industry Partners will enhance and supplement the scientific sessions learning experience of the delegates. Hence, I enjoin you to also visit the numerous booths at the Exhibition Hall.

Our vibrant social program will ensure that this congress will not only be educational but will also be a truly enjoyable and memorable event for the attendees. Experience the warmth of Filipino hospitality and savor the richness of our culture by joining our pre- and post-congress tours. The Philippines’ 7,107 islands offer endless possibilities of adventure and sightseeing.

Please join us for this meeting and have an exhilarating experience of learning from the experts, catching up with old friends, forging new friendships and savoring the unwavering warmth of Filipino hospitality.

I look forward to seeing you all in Manila on 16-19 November 2016.

Thank you and MABUHAY!

Sincerely yours,

Julyn A. Aguilar, MD, MHA, FPOA
President
