Pentadbiran Baru,
Universiti Malaya, Lembah
Pantai 59100 Kuala Lumpur

Dear Members, Colleagues and Friends,

On behalf of Ministry of Health (MOH) it is my great pleasure to invite local and international participants to attend 2nd International Tissue Procurement Workshop which will be held in Kuala Lumpur Hospital from 7 to 8 August 2017.

We combine 3 different specialties (bone, cornea and skin) into one workshop for the first time, with an ultimate aim to educate surgeons, paramedics and personnel on procurement and processing. This workshop is essential to support the increasing demands for bone and tissue usages among surgeons as new uses and technologies have emerged. The organizing committee has designed an attractive program which can increase your knowledge on procurement and provide an opportunity to meet experts from different hospitals. Besides, lectures and practical sessions conducted by experienced academics and surgeons are also included in the program

Kuala Lumpur, also known as KL, is an amazing city with a fascinating art and performance culture which blends contemporary and traditional styles from various ethnic and backgrounds.. KL also offers many places of interest and a range of Malaysian cuisine, which will no doubt pique your interest throughout your stay.

I sincerely look forward to welcoming all of you to this workshop.

Assoc.Prof.Dr Ng Wuey Min
Chairman
2nd International Tissue Procurement Workshop 2017
