

# PROGRAMME

## DAY 1 (17TH SEPTEMBER 2017)

0800H - 0815H	REGISTRATION
0815H - 0830H	OPENING
0830H - 0845H	ILIZAROV ASSEMBLY <i>MR. ZAMRI AB RAHMAN</i>
0845H - 0900H	ANATOMY OF SAFE ZONES <i>MISS NORHASLINDA BHAUDIN</i>
0900H - 0915H	WIRE & PIN INSERTION, AND TECHNIQUES OF CORTICOTOMY <i>MISS NORAZIRA M YACOB</i>
0915H - 0930H	BIOMECHANICS AND STABILITY OF FIXATOR <i>MR. ASHRAF HAKIM AB HALIM</i>
0930H - 0945H	PREOP PLANNING AND EVALUATION <i>MR. PREMGANESH GANAISAN</i>
0945H - 1000H	CLASSIFICATION AND PRINCIPLES OF TREATMENT OF NON-UNION <i>MR. ROHAMAN TASARIB</i>
1000H - 1030H	TEA BREAK
1030H - 1130H	WORKSHOP 1: ACUTE FRACTURE FIXATION CONSTRUCT IEF FOR LIVE SURGERY
1130H - 1300H	LUNCH
1300H - 1400H	WORKSHOP 2: BONE LENGTHENING CONSTRUCT IEF FOR LIVE SURGERY
1400H - 1500H	Q&A SESSION
1500H - 1630H	TEA AND ADJOURN

## DAY 2 (18TH SEPTEMBER 2017)

0800H - 0900H	REGISTRATION / TEA
0900H - 1300H	LIVE SURGERY: ACUTE FRACTURE FIXATION
1300H - 1400H	LUNCH
1400H - 1630H	LIVE SURGERY: BONE LENGTHENING
1630H - 1645H	Q&A SESSION
1645H - 1700H	CLOSING

## BASIC ILIZAROV COURSE WITH LIVE SURGERY

17-18TH SEPTEMBER 2017  
HOSPITAL SHAH ALAM, SELANGOR

# COURSE DESCRIPTION

Course (Live Surgery Participation): RM 500 (Specialist)  
*\* live surgery participation limited to 4 surgeons only!*  
 Course (Auditorium Participation): RM 300 (Specialist)  
 Course (Auditorium Participation): RM 150 (Medical Officer)

A percentage of orthopaedic cases require specific modes of intervention to address the complex nature of a pathology, including severe fracture comminution, bone gaps, non-union, malunion, limb length discrepancy, congenital or acquired deformity. These complex pathologies are sometimes treated with internal or external fixation, and an increasingly popular surgical choice is the Ilizarov External Fixator.

The Basic Ilizarov Course is designed to provide a comprehensive learning experience for orthopaedic surgeons and supporting staff who are involved in the management of complex orthopaedic cases caused by different underlying problems.

This is the first time Hospital Shah Alam will be hosting the course and we have invited veteran surgeons to provide comprehensive input on the management of many types of orthopaedic cases requiring complex intervention techniques. We hope that those interested will register early because we have to limit the number of participants to ensure adequate hands-on experience and effective transfer of knowledge.

# LECTURES & DRY WORKSHOPS

Six essential lectures on the basics of Ilizarov External Fixation will be showcased augmented with interactive online multiple choice questions and surveys.

Hands-on workshop will be provided for participants to better understand fixation methods of wires and half pins and ring external fixators. These workshops on acute fracture fixation and bone lengthening are designed to prime all participants for the live surgeries that will be performed live.

# LIVE SURGERY

Participating surgeons will have the rare opportunity to scrub in and partake in actual Ilizarov surgeries that will be live-streamed to our auditorium for other workshop participants to see.

Participants viewing live surgeries from the auditorium will also be able to participate via direct feedback loop from the operating theatre. This is a rare opportunity to talk to surgeons live while they are performing some of the most advanced techniques in modern orthopaedic surgery.

# REGISTRATION

I would like to register for the following BASIC ILIZAROV COURSE 2017. Enclosed is the registration form and cheque made payable to KELAB SUKAN KEBAJIKAN DAN REKREASI HOSPITAL SHAH ALAM (Bank Islam 12177010004040).
