30TH JULY - 1ST AUGUST

KUCHING KNEE COURSE 2017

IN CONJUNCTION WITH
THE 2ND BORNEO
ARTHROSCOPIC
COURSE

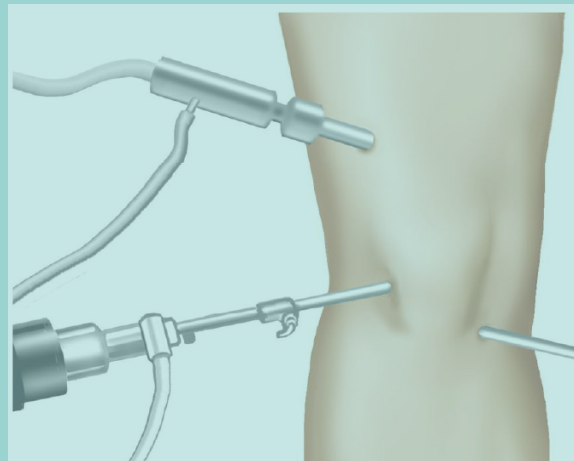

COURSE DESCRIPTION

This is a three-days hands-on dry workshop and live surgery course that will cover orthopaedic surgical skills in arthroscopic ACL reconstruction and knee replacement culminating in live surgery for a more comprehensive operating room experience. The aim is to familiarize surgeons with the art of knee arthroscopy and ACL reconstruction as well as knee arthroplasty surgeries, as well as, to provide training in the principles of anterior cruciate ligament reconstruction and total knee replacement. Both ACL reconstruction and total knee replacement techniques will be taught, practiced and evaluated.

DRY WORKSHOP & LIVE SURGERIES

There will be 2 participants per station in the dry workshop at the UNIMAS Faculty of Health Sciences at Lot 77 (next to Sarawak GH).

TKR and ACL reconstruction cases will be conducted during the live surgery module with 2 participants to assist in each surgery at the Operating Theatre of Sarawak General Hospital, Kuching.
