It is our greatest pleasure to welcome you to Miri Hospital 1st Spine Trauma Course. This Course is designed for Orthopaedic Surgeon, Medical Doctors and Paramedics which will cover basic principles and essential knowledge in spine trauma management. We have also dedicated a workshop session i.e saw bone workshop, case based discussion and basic spine instruments introduction which will help participants to improve their knowledge and surgical skills. During these two days, we hope that you will gain invaluable knowledge, as well as sharpen your skills.

MR. DENNY CLARE @ CHARLES A. EMBUN
Organising Chairman
