It is our greatest pleasure to welcome you to the National Basic Ilizarov Limb Reconstruction 2019, which is held in Hospital Universiti Sains Malaysia on 17th January. This course is designed for orthopaedic trainees and medical officer who have interest in limb deformity reconstruction. The aim of this course is to consolidate the understanding on basic knowledge and principles of Ilizarov technique in limb deformity reconstruction and surgical techniques of basic procedures in limb deformity reconstruction. We have prepared a series of lectures on basic essential knowledge and principles of limb deformity reconstruction. We also conduct case-based discussions and saw-bone workshop to help participants to enhance their knowledge and surgical skills. Lastly, we hope that you will enjoy the course and gain invaluable experience, knowledge and surgical skills.

Dr. Ismail Munajat
Organising Chairman
NBILR @ USM 2019

SPEAKER

Prof (Dr) Abdul Razak Sulaiman (USM)
