'It is our greatest pleasure to welcome you to this UM Spine Instructional Course. This course is designed for orthopaedic trainees, as well as medical doctors who are interested in spine service. The lecture topics of this course are designed to cover the basic principle and essential knowledge in spine surgery. We have also dedicated a workshop session i.e. clinical examination and discussion, where the trainees will be taught on the details clinical examination technique. During these two days, we hope that you will gain invaluable knowledge, as well as sharpen your examination skills'.
